MTMCOR204A  Follow safe work policies and procedures
MTMP2005B  Restrain animal
MTMP414A  Oversee humane handling of animals
MTMP2010A  Apply animal welfare and handling requirements

(TAFE NSW – Open Training and Education Network, Provider Code: 90004)

Description

These units will provide introductory skills and knowledge to work towards obtaining accreditation as an Animal Welfare Officer. This skill set has been designed for those people employed in meat processing plants who have responsibility for monitoring and supervising animal welfare practices throughout the plant.

Student MUST be working or have work experience arranged in a Meat Processing Plant.

To ensure you leave us with the most up to date qualification...

If during or after your enrolment, the course in which you are enrolled is updated in line with national industry standards, the Institute reserves the right to transition you into an alternate course. If this becomes necessary, the Institute will advise you of the change and the arrangements which will be available for you to complete your alternate course.

What are the requirements? (Including Recognition of Prior Learning)

Learners MUST be employed in an operating abattoir to enrol in this bundle

A number of courses may require prospective students to provide additional information such as documentation, an expression of interest, evidence that you are already employed as an apprentice, or preferred prior study (or equivalent).

Do I need additional resources to study this course?

To complete this qualification you will need a computer or regular access to an IBM compatible computer with up to date virus protection and:

- access to broadband internet connection (preferable) or dialup internet
- email access which will be used for subject and course notices
- Microsoft Office 2010 or later
- a printer

1300 362 346 or (02) 9715 8333  oten.tafensw.edu.au
What kind of work could I do?
Assistant to animal welfare officers in an operational abattoir.

Unique Student Identifier (USI)
From 1 January 2015, all students participating in Nationally Recognised Training in Australia will need to have a Unique Student Identifier, or USI.

This includes students completing an apprenticeship, skill set, certificate or diploma course.

A USI gives you access to your online USI account and will contain all of your nationally recognised training records and results from 1 January 2015 onwards. Your results will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results. One of the main benefits of the USI is that you will have easy access to your training records and results throughout your life.

How to get a USI
It is free and easy for you to create your own USI online at usi.gov.au. Your local Customer Service office can also provide further information and assistance. If you already have your USI you can enrol with TAFE WSI.
